

CANCER and ABCs OF LEAN BODY MASS: OPTIMAL NUTRITION INTERVENTIONS

Presented by:
ABBY C. SAUER, MPH, RD, LD
RESEARCH SCIENTIST; ABBOTT NUTRITION

CANCER and ABCS OF LEAN BODY MASS: OPTIMAL NUTRITION INTERVENTIONS

Program Objectives

- Discuss the importance of lean body mass and drivers of protein degradation and synthesis
- Review cancer cachexia and its relationship to lean body mass loss
- Review clinical and functional outcomes related to the loss of lean body mass
- Describe nutrition interventions that can impact lean body mass

New self-study, continuing education program is now available on the Abbott Nutrition Learning Center Website: <http://anhi.org/abbott-learning-center>

Participants must view the program independently and complete the evaluation, post-test, and certificate on-line in order to receive credit.

This program is prior approved for 1.0 CPEU for Dietitians and Dietetic Technicians and 1.0 CE for Nurses.

Those who may have participated in the Webinar version of this program in the past cannot receive additional credit for participating in the self-study program.

Abbott Nutrition Health Institute is an approved provider of continuing nursing education by the California Board of Registered Nursing Provider #CEP 11213. Abbott Nutrition Health Institute (RO002) is a Continuing Professional Education (CPE)/Accredited Provider with the Commission on Dietetic Registration (CDR). Registered dietitians (RDs) and dietetic technicians, registered (DTRs) will receive continuing professional education units (CPEUs) for completion of this program/materials. Continuing Professional Education Provider Accreditation does not constitute endorsement by CDR of a provider, program, or materials.
